It was few
days before
our graduation
from middle
school -

When I just happened
to talk about Han-Se's
eyebrows for the first
time

Han-Se, let's play!

Did your mom
tell you to get a
haircut? Time to
become a
divisionist or
something?

Do you think I'd cut
my hair just because
she tells me so?
Though she was a
part of the reason...

Your hair has
grown...

Hm...

What a badass
you are.

You cut your
hair just because
she touched it?

Enough!

But I like the
sensation.

So, this is how
my eyebrow
look like.

I guess people will
notice it soon.

And what's
wrong with that?
It looks unique.
That's all.

Since when
did you know?

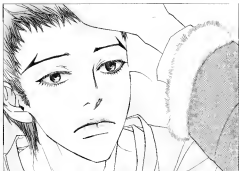

Idiot.

Why do you
even ask me such
a question?

It's nothing to be
embarrassed about.
I got used to it
a long time ago.

... He-He,
no matter what happens
around us -

What...?

Why are you
being so serious?
And you didn't
even finish
that sentence.

Anyway,
don't get
involved with
me too much.

And especially
be aware of
my mother.

They also call him
"The one who

Hang on.

"The one who dreams"...

this whole thing,
it's more than just

Roswell ?
Why are you

UFO ?
Why not ?
"The one who sees

Hey...

Sigh... Are you one
of those geeks who
are into mysteries
and conspiracies ?

... He may not
be too off
this time.

W, what?

From what my elders told me, his body was specially chosen for this task and his spirit was summoned from outer space. Basically, they bound the spirit into the body for now.

But then I've seen him only once and I am not about to believe something like that blindly.

I can see what they meant. The spirit must have been extraordinary if words spread fast like this. There are a lot of people who are considered to be God-like, but really none of them really are.

There was a case in 70s where certain few politicians were really dying to find and bind "The one who sees the truth". Makes sense now.

What the hell are you babbling about?

To me, it sounds like
ruining someone's life
for good.

What's gonna happen
to the guy who provides
the medium (body in
this case) ?

Well, according to
what I've been
told, all he does
is sleep, wake up
and then speak the
future -

Falls asleep
soon after.
The circle reports.
At least, that was
what I was told.

Are you serious ?!

I bet this
guy has some
character!

But that's
what my
mom told
me.

This guy is an
older and a
woman's boy!

She said that was
his fate.

Since he was
born to bind the
spirit,

There was no other
path for him, she
said.

What I mean to say
is, whatever the hell
his fate may be,
why are they meddling
in ?

Isn't that obvious?
Think of endless
advantages if
one can actually
foresee the future.

It's a whole different level from predicting the future based on calculations.

This guy is able to tell you the truth, what he saw in the future and is simply telling you.

That is almost God-like. Do you think people, especially politicians and the like, would leave someone like that alone?

True enough. People will want him for their own gains.

another.

Yes, we
have money for

Young or not,
that's called
cheating.

I understand your concern. But we need to show off to attract attention.

They won't understand us if we behave the way we would like to, so we will have to lower ourselves to their level.

The humans are a timid race by nature. Unless we trick them, they won't and can't believe that you are the one who sees the truth.

They would get suspicious and eventually reject us.

How typical, but we need to do this for now.

We need their influence to expand our horizon for now.

So, you are cheating.

supposed to have
a late child.

Having a child
from such an old couple,
the chance was there
but it was as low as
impossible if I hadn't
meddled in.

No way.
That's not
even possible.

We are talking
about actual
lives here.

And...

I don't think
you are even
that good.

Remember
the 3 guys
prophecy?

Did you really
believe that
non-sense?

There was only
one man for you
and that was
Han-Se.

I was simply
bored of looking
at such a smooth
relationship.

So, I threw you
a bait which you
duly took.

But it did some good
because I am sure
you learned few
things from that.

You flirted with a lot of
males, did you not?
Like a whore.
And what did you
learn in the end?

Han-Seo was
the best, you?
At least for you.

Of course, he was the
best for you.
I crafted you to be
his soulmate.

Could ... I ask
you a question?

It's been
bothering
me ...

Go on.

Why are you
speaking in past
tense?

Yes, of course.
You can be sharp
at times.

That is because
you are no longer
his soulmate.
The string has
been severed.

I am sure you've
run into a strange
phenomenon on
a certain day.
That was it.

He is the cruel one.
I did not think he
would go that far
and actually end it.

What?

I am sorry.
No-Go...

I am sorry...

I am sorry...

I admit it's
sad that you
two broke up.

But it may not be
too bad for you.
You've been freed
in a sense.

You can live
your life.

So, go...

So fucking loud...
And you find that
entertaining?

In a sense, yes.
You made that
marriage happen.

...So, what
did you dream
today?

...
I don't
remember.

You didn't...

cry or smile
this time.

I've never been
good at taking
care of children.

Whether they
cry or smile,
I would be at loss
of what to do when
I happen to stand
before them.

And this situation ...
Honestly, I have no
idea how to deal with
this.

And that you will eventually forgive me.

Do not upload my projects to any ad-ridden aggregator sites. Mangofox is a good example.

What a bad way to respond in such a situation... Though I suppose I am at fault for raising you like this.

... You never raised me.

Sure -
Sure -

Even so, you decided to assist such a mother in an idiotic business like this.

I assume your reason for that was due to the fact that you could foresee the future.

I assume you've already seen what I am all about and have forgiven me.

In the end, only the God can grant salvation.

It's their speciality after all.

God's specialty.
Hah -

Humans are forgiven
because they are
humans to begin with.

Gods only watch.
They could care less
what we do.

Bringing Gods in
a conversation like
this is just so wrong.

I found it weird that you were acting weak.

I bet she said something that hit you pretty bad when being forced out.

Don't spread my projects all over after the deadline

And that too... as if I brought it upon myself.

... You brought that upon yourself.

You let her born in such a family, resulting her to grow up without knowing pain and sadness.

... True enough I did bring that upon myself.

She persisted even at the end.

Go, you are free now.

I explained her everything. Even so -

I said I don't
want that !

I am not going to
believe you until
Ha-Se tells me so
himself !

... Hmhm...

What a bitch,

I guess she gets what
she wants.
I gotta do it.

This is going to

I will and
it.

Do you

ever ?

Well...

I got a feeling
that this will be
the last time I
will see you.

You've lost your powers some time ago, mother.

You knew you were going to lose your powers which was why you pushed me so hard into this while you could.

It's not fun today, seeing you act so weak and all . .
Sigh -

No, what I mean is ...
I give up.
Such
perseverance...

I just give up.
Do whatever you want. I guess the fate really corrects you two or so.

The fate? Do you believe that kind of stuff?

Not really.
I get lots of crushes as soon as I see guys of my type. Though I give up pretty quickly, too.

I am not like her, you know, the one guy for the life type.

Not really.
I used to get lots of crushes also.

I don't think so -

Look at those two over there.

Don't you think they are similar?

Well? They aren't siblings. I don't think they look anything alike, either.

Maybe, I notice that since I draw their patterns.

Pattern?

Yeah, pattern.

I feel like they share —
sort of like Kang Han-Se
pattern.

Huh?

When you look at
a lot of paintings, at
one point you get to
realize patterns from
its artists and are able
to distinguish who drew
which.

Remember?

What the hell did

You are fine even if
our friendship is
broken ?!

You've gone

And you are willing

year-old friendship?!

First, so be it.
It will be over
once I beat the
hellshit out of

over !

... I could not
help myself.
I know immediately
once I saw her
that -

That ... she
and I were
meant to be.

It was love at
the first sight.

Sigh, there.
You made me
say it. Can't a guy
just love a
woman?

Jesus hell,
you almost
made me puke.

I KNOW I
Don't mention
it.

I also know she
does not love me.

She doesn't
like you?⁷⁴
Who said that?⁷⁵

Which is
why you two
are trying to
stop me.

She told me.
She said she
does not like
me at all.

And she said that so ...
politely.

It is more like ...
I am not meant
to love you in
any way.

What I'd like from
you is your fate.
You have a remarkably
peaceful and steady
future. I'd like to
use that.

In the end, what
I really want is the
baby from us.
Are you okay with
that ?

Holy shit !
She said all that
crap !!
And you said?!

I said...

"That is fine."

"I will love you
twice more to
fill the gap."

YOU FUCKING
IDOT !

Hey,
dude...

Were you fired
up by what
she said ?!

Heh,
nope.

You are a guy after all.
I bet you were fired
up by all those
nurse-nurses she
told you and -

You thought
you could win
her over
eventually

Come on,
love is a form of
a relationship and
relationship is
all about give and
take. That's fair.

Fair...?

Yeah.

Love is never fair!

It's emotional
harassment,
usually one-sided.
It's not fair
at all.

But I knew that
already. Compromises
must be made and
either one must
sacrifice more to
not ~~change~~ something.

What I am
sad about
is ...

The way she sees
and understands
emotions.
Everything about
her is too
mathematical.

I cannot even imagine what kind of life she lived.

What made her like that?

I cannot understand. I just cannot.

She knows what a relationship is mathematically and somehow decided that one must leech from another.

Well, she is correct but what she does not understand is there must be willingness in such a relationship to make that work.

And the "willingness" is love.

Ah... what?

Well, it's gonna suck for White-Hyang.

White-Hyang. Lee White-Hyang.

She has had her eyes on you for a while.

But, meh, she's not gonna get you for sure now.

The hell?!
Why did you
change the
subject?!

I did not.
We are talking
about love, no?

Who's gonna
drive if you
drink?

She is going to
pick me up on
her way home
from work.

Still a gross
couple,
huh?

Don't
say it.

Gross
couple

And don't
say it in your
mind!

Anyway, how
did you convince
her?
That woman.

Show her
some respect.
She is my wife
and is even older
than you.

Respect is
something I am
never gonna
show to her.

I didn't
concede.

I threatened.

I yelled at her that I held on for long enough.

Really?

I told her that, if I lose any more friends, especially you, over this, I would resent her for real.

Dude—
And that worked?

She has gotten old and has gotten soft.

She did look afraid for once, and for real.

...

Aren't you going to drink?

Good job, dude!
You are a guy!
Approved by me!

What does that have to do with being a guy?
Anyway, we good then?

I was only angry because you kept getting abused by that witch. I wanted you to fight back from time to time and you did on this time. We are good.

Oh, ok, you are a simple guy.

Hit me for once.

You really
are hopeless.

You can't
go back.
You do know
don't you?

Yeah, I am
not looking
at it.

Really?

I've thought
this through,
Hun-Se.

...Really?

Yeah...
really.

What?

Hmm, not really.

You were moving around all night. Just tell me.

Was it scary?

Not gonna tell me again?

I... consumed you whole.

In the end, nothing about you was yours to control.

You were cursing at me why I didn't let you go earlier.

Season 2 volume 11 has been completed,
meaning the whole series has been completed.

You can read my overall summery (explanation) of this series on my website.

 haven't upload my projects
 and random sites like Blogger

I finally get to finish this crappy series. Good riddance.
It started out good but ended in a total failure.
